

# Rehearsal Schedule

**Welcome/Devotional: 6:30 to 6:45/7**

**Song Practice: 7:00 to 7:30**

At this time we run through the songs. We allot 30 minutes to this because the expectation is for the team to know the songs coming into rehearsal. This is not a time to learn the songs, just to make sure everyone on the team is together.

**Break: 7:30 to 7:45**

**Full Run-through: 7:45 to 8:30**

Our 'Run-through' is just like a Sunday morning service. Pretend that the congregation is ready to worship. We spend a few minutes on the front end making sure everyone knows how we are transitioning from one point to another and answer any questions people might have. Once we start the run-through, we don't stop unless something terrible happens (just like on a Sunday). The goal here is to run the service front to back, which sets you up very well for the actual service. We also will do another full run-through on Sunday morning before service starts.
